

# NITROGEN ALTERNATIVES & SUPPLEMENTS

## Products Below:

Contain the Nitrogen-Producing Bacteria Azotobacter  
Supplement 40-50# of Nitrogen per Acre  
Increase Yield while Reducing Nitrogen Cost

**NutriSoil Plus**

**In-Furrow Application**

**NutriFoliar Plus**

**Foliar Application**

NutriSoil Plus and NutriFoliar Plus are proven Nitrogen producers.

We were able to achieve the exact same net return on both sides due to much lower input cost on the NutriSoil Plus and NutriFoliar Plus treatment vs. the traditional fertilizer program. NutriFoliar Plus was applied mid-July and again in mid-August.

Left of the flag  
180# Nitrogen

**249 Bushels/Acre Yield**

Right of the flag  
42# Nitrogen +  
NutriSoil Plus + NutriFoliar  
Plus applied in Mid-July +  
Mid-August

**238 Bushels/Acre Yield**

|           |              |
|-----------|--------------|
| 300# Urea | \$116        |
| 200# AMS  | \$50         |
|           | <u>\$166</u> |

|                     |              |
|---------------------|--------------|
| 200# AMS            | \$50         |
| NutriSoil Plus      | \$20         |
| 2x NutriFoliar Plus | \$40         |
|                     | <u>\$110</u> |
